TITLE: Angel with a message

Duration: 3 hours

Description: Among all the mystic creatures, he is the star: the little Angel. This exclusive Angel, which you will create in the workshop, has an additional function. His body can contain a hidden message, one of wishes and dreams or maybe a secret to keep to oneself, or to give to someone. The tender angel is made out of the finest material, lace and pearls, and requires delicate hands to bring it to life. Tatjana Golder shows you how to obtain expressive effects with the simplest methods. All the necessary material is included in the kit.

Kit (payable to the artist at the beginning of the session): 30€

For this lesson, the students must bring: your own sewing materials.
